Time . . . past, present, and future.

Was it only four years ago that we entered the doors of Riley, quaking with the fear and excitement of beginning something new, something awesome, something wonderful?

The self-conscious freshman, by some mysterious process, has emerged into a poised and assured senior. Yes, it seems like yesterday, but it was four eventful years ago.

Remember how we admired the senior girls? They were so smooth, so self-possessed, so worldly. The fellows were handsome, great athletes, and suave. We asked ourselves time and again if we could ever attain such perfection.

Now we are seniors. And strange as it may seem, we are probably looked upon with much the same adoring eyes. But what is this mysterious process that changes us so?

So short a time ago, we felt the teachers were veritable mountains of knowledge, aloof and smug in their intellectuality. But we soon found that they, after all, were human and our friends. They were there to rub off some of their knowledge on to us. And though at times, it might have seemed a hopeless task, their guidance and help meant more to us than we can ever, ever express.

And so that first year ended . . . and to some, not quickly enough, for we were impatient to climb higher upon the ladder of social recognition.

These four years have been a period of transition. Slowly, imperceptibly, we went through a complete metamorphosis. The ugly duckling truly had become the beautiful swan. Our horizons have broadened. Our knowledge has increased tenfold.

But we look upon those years with a certain compassion too. You see, we can still remember all too well, the worries and troubles, which to an adult mind may seem trivial, but to you, life and death matters. Then, those problems seemed unsurmountable to us, but now, we realize that they were merely growing pains.

We want to remember always the football games, the dances, the study halls, the basketball tourneys, and yes, even the dreaded final exams. We want to remember the cashmere sweaters, the tapered pants, the jitterbug, the crazy fads that will in all probability bring gales of laughter from our offspring someday. As we walk to the doorstep of Tomorrow, we linger with Yesterday for just a few moments longer.

Thus we humbly stop Time for a little while and record for you, and for us, our last great, unforgettable year.

DONALD A. DAKE
Principal

BARBARA BATSON

The nerve center of Riley High is found in an inconspicuous suite of offices just inside the west from entrance of the school. This is the private domain of Mr. Donald Dake, principal of our school. It is he who co-ordinates the individual processes of a large high school into a smoothly running organization. Mr. Dake's daily routine may vary from entertaining visiting dignitaries, who have come to inspect the school, to helping the seniors select their commencement announcements. He answers the queries of parents, teachers, and students with a friendly smile. He confers with leaders in the field of education, always seeking to make Riley an even better school.

To Mrs. Barbara Batson, his efficient secretary, falls the task of answering her boss's voluminous correspondence, and seeing that he is not late for appointments. Barbara's duties may run the gamut of acting as hostess for the school to helping a distraught student find a lost mitten.

Together, principal and secretary operate the complex controls with thorough precision.

administration . . .

ELIZABETH TURNER

Miss Turner examines carefully each student's record.

Miss Elizabeth Turner, Riley registrar, is the keeper of the vital statistics found in the numerous filing cabinets lining her office wall. Working closely with Mr. Pate, she compiles each student's record at the end of his senior year, decides his standing in the class, and determines whether he is eligible for awards and scholastic honors. Her busy day is a never-ending stream of seniors dashing into her office requesting her to fill out their college blanks and anxious underclassmen seeking advice on their problems. Prospective employers often call upon her for records of students wishing to obtain employment from them so that they may better determine the qualifications of the applicant.

Mr. Dake and his secretary keep Riley running smoothly through the control center of the Main Office.

HUBERT OGDEN
Assistant Principal

Perhaps the "guiding hand" for 1,600 Riley students could best describe the role of Assistant Principal, Hubert Ogden. Never a believer in "teaching to the tune of the hickory stick," Mr. Ogden is famed for his genial smile and thorough understanding of student problems. Indeed, he is a force in the shaping of our lives.

LAWRENCE PATE
Head Counsellor

The scene—one repeated numberless times a day—is in 102; the crumpled white slip—a summons to the office "now" and signed HHO or LTP. The slip may mean, "think up a good excuse for being absent" or "Congratulations, you won the scholarship!" But whatever the reason, the line forms to the right as students wait to see two of the most popular men in school.

Head Counselor Lawrence T. Pate juggles program cards bi-annually as the rush is on for between semester changes. The major and minor courses of 230 seniors, applications for colleges, advice about a prospective job, questions trivial and important, are all in a day's work for Mr. Pate.

Their trademarks: a yellow attendance slip and "Fine! LTP."

Seeing that the books balance and struggling with an adequate budget, the Board of Control keeps Riley's economy on a smoothly functioning basis.

Financiers are not needed here. If the average businessman thinks his budget-balancing is difficult, the Board of Control would do well to show him their bookkeeping system. Running a large school is complex, and in order to see that assets and liabilities balance, chairman of the board Donald Dake, with Miss Elizabeth Murphy, secretary, meet periodically with Mr. Ogden, Mr. Stech, Mr. Rhodes, Mr. Koch, and Mr. Cooper to see that Riley continues to be a self-supporting organization.

A very important phase of a senior's last year is his social schedule. With representatives from the senior home rooms, Miss Bertha Kiel and Mr. Wilbur Campbell laid the plans for dances and parties. It was this group who conceived the sports dance, "Fall Frolic." As early as last fall, arrangements were being made for the Senior Prom, and largely through the group's efforts, "Memory Lane" was indeed a memorable event.

Senior social chairmen and class officers make plans enjoyable to Riley students throughout the year with the guidance of Mr. Campbell and Miss Kiel.

BERTHA KIEL

Miss Fiedler keeps the many records of finance at Riley.

BERNICE FIEDLER

The line is long each September and January as students turn over their pennies to Miss Bernice Fiedler for books, supplies, and fees. The mystery of requisition blanks, withdrawals and deposits, and all matter of high finance which baffle the uninitiated, are the special dish of Miss Fiedler.

RUSSELL RHODES

Selling tickets is only one of the duties of Mr. Stech and Mr. Rhodes.

HARLEY STECH

The monumental task of supplying tickets to the basketball sectionals for loyal fans kept Mr. Russell Rhodes and Mr. Harley Stech jumping. But this was only a small fraction of their ducat-dealing duties. When they were not selling tickets, they kept the records of the expenditures and receipts of our varied sports program.

HELEN CASHMAN

With a thermometer always near at hand, Mrs. Helen Cashman, the school nurse, tends to the ailments of 1,600 students. In one day she may rush a boy who broke his arm to the hospital, bandage a skinned knee, examine a little girl who complains of an upset stomach, and finally send Jimmy home because he has the measles. During the year Mrs. Cashman also assists with the X-ray examinations, TB skin tests, and the ninth and eleventh grade physical examinations.

Guarding the health of Riley students is the job of Mrs. Cashman, school nurse.

Providing nutritious, well-balanced meals for the Riley student body, Miss Marshall keeps house on a large scale.

GRACE MARSHALL

The problem of feeding 900 hungry students each noon in a cafeteria which only holds 300 persons seemed insurmountable to Miss Grace Marshall, cafeteria manager, until she and Mr. Dake hit upon the idea of having three lunch shifts. All in a day's work for the cafeteria manager and her assistants are supplying enough barbecued sandwiches for the huge demand, filling the candy counter with sufficient amounts of Lifesavers, and generally making the cafeteria a good place in which to eat.

today . . .

Seniors, 1953 . . . a title that is the fulfillment of a long-cherished dream. Born in a depression, reared during a war, and spectators at the birth of the Atomic Age could well be a brief chronicle of our first seventeen years. Yet being the witnesses of these great events has made us realize that we face deadly, serious business once we have removed our mortar boards and put our diplomas in a drawer. Because of this realization, we've wanted to live our high school years to the fullest. In tabulating the results of four years' efforts toward this end, we find that we have exceeded all expectations.

We have discovered that the average senior has taken a total of forty final examinations, untold hundreds of tests, and countless "quizzes." Since his freshman year, a senior has spent 1512 hours in school. Approximately two hundred and thirty-two hours were spent studying at home, one hundred and fifty hours watching television, and three hundred more hours were spent talking on the telephone.

We find that a senior has attended twenty-six football games in four years, yelled at fifty basketball games and four tourneys, and gone to sixty-eight pep sessions. The seniors have read one hundred and twenty-eight issues of the school paper, and taken part in the productions of "Our Hearts Were Young and Gay," "The Three Musketeers," "Red Mill," and "She Stoops To Conquer."

The average senior went to approximately five formal dances a year. The Swingheart Sway, All-City Prom, Christmas Formal, Junior Prom, and the Senior Prom were the most popular dances of the year.

A senior's leisure hours were often spent at Saturday night movie dates, parties, and in the summer, miniature golf and swimming. Statistics have also shown that an exchange of rings, medals, bracelets, and sweaters between members of the class have occurred on the average of twice a year.

A few statistics have shown how wonderful these past four years have been. The seniors last, quite unstatistical message to all of you is, "Thanks for helping us make our years at Riley so great . . ."

MITCHELL MORRIS
President

BUDDY OVERHOLSER
Vice President

NANCY NEWPORT
Secretary

PAT DAVIS
Social Chairman

ROSEMARY MUSSELMAN
Treasurer

WILBUR CAMPBELL
Class Sponsor

To understand democracy, one must live democratically. Thus following a system of voting set up by our founding fathers, the senior class prepared to elect those students who would best lead them during their final year. Choosing five officers from a list of thirty candidates, the seniors elected Mitchell Morris to the presidency. Buddy Overholser was chosen vice president; Nancy Newport, secretary; Rosemary Musselman, treasurer; and Pat Davis, social chairman. With the officers' wonderful guidance, the seniors made their last year the most memorable of all.

Each year Riley pays special honor to its scholars of distinction who have done outstanding work during their four years here. These students have maintained a minimum average of ninety per cent in their grades ever since coming to Riley and are therefore eligible for the Honor Roll.

It is with much pride and pleasure that the *Hoosier Poet* presents these graduates of 1953 who have taken the utmost advantage of the educational opportunities Riley has afforded them. They truly deserve the title, Scholars of Distinction.

we had fun just being freshmen . . .

when sophomores, our enthusiasm
for sports grew . . .

the kandy kane ball satisfied our
sweet tooth as juniors . . .

now, as seniors, we stroll down
memory lane . . .

MARTHA FRUEH

MARY JANE DAY

CARL SCHUBERT

GEORGE KOCH

The Home Room teachers of the Senior Class knew us best. We will always remember their kindly advice and guidance. It was to these teachers that we turned most often for counsel. We consider them as our very special friends. Their part in our lives will not be forgotten, and we hope that we too will have added a share to their memories.

BESS WYRICK

MILDRED KOPP

K. VAN BUSKIRK

With Mr. Wilbur Campbell giving us his advice through our three years in senior high school, we learned to govern and be governed. The class officers could not have attained success without the splendid co-operation of Miss Freuh, Miss Day, Mr. Koch, Miss Wyrick, Miss Van Buskirk, Mrs. Kopp and Mr. Schubert. As the sponsors of our home rooms they did much to promote class unity.

class sponsors . . .

yesterday . . .

It's been a year in which we've heard tales of hydrogen bomb explosions, saw kings dispossessed of their thrones, and bade farewell to a president. On the local scene, Captain Video, Milton Berle, and I Love Lucy became schoolyard bywords. We hummed "Oh Happy Day" during the five minute endurance race between classes and danced to "Night and Day" at the Prom. We yelled "Fight Team Fight" at the sectionals and sang "Silent Night" at the Christmas Assembly. We saw the dirty walls of the building suddenly take on the brilliance of a many-hued rainbow, for Riley was being painted. We staged our own miniature coronation — at a football game. We took part in one of the greatest productions of democracy on November 4, when we saw a new president elected. We ate another Thanksgiving turkey and watched the stack of gifts under the Christmas tree grow higher and higher. And we prayed for the occupant of the empty dining-room chair who was eating K-Rations in a frozen foxhole on Christmas Day. During the year we often took note of the fact that John loved Mary, and Mary loved Jim. We adopted a new three-shift lunch schedule and set an all-time record for barbecued sandwiches consumed. And we studied. We learned of the complexities of the Pythagorean Theorem, we discovered how to conjugate verbs, we read Macbeth. The dates 1066 A.D. when William conquered England and 1737 when the Constitution was framed will forever be stamped in our brains.

football . . .

Here are the men who helped make the 1952 football season a memorable one. Standing from left to right are assistant coaches Greg Porker, Moe Morrison, Steve Horvath, and Dick Fetters. Seated is head coach Paul "Spike" Kelly, who this year completed his ninth season as coach of the Wildcats.

Cats trounce Eagles eleventh straight time

Coach Spike Kelly's Wildcats opened the 1952 season with a hard-fought 26 to 0 win over a game, but outclassed Adams Eagle eleven. Jack Kndlaty had the honor of scoring Riley's first touchdown of the season early in the second quarter, when he grabbed Bill Denney's pass after it had been batted into the air by an Adams defender. Aerials also figured in Riley's second score. Tex Galloway heaving a fifteen yarder to Fred Odusch for six more points. Later in the second period Captain Tom O'Brien scooped up an Adams fumble and raced thirty yards for Riley's third score of the quarter. Denney made good on the last two tries for extra points, and the Wildcats left the field at halftime holding a comfortable 20 to 0 margin. In the third quarter, Denney intercepted an Eagle pass on the Riley forty, and the Cats drove to the one before Denney bulled over for the final score of the evening.

Riley wins second Conference tilt

In their second game and second Conference battle, the Wildcats had to come from behind in the last quarter to upset the Mishawaka Cavemen, 13 to 7.

The first score of the game came with only fifty-four seconds remaining in the first half, when Mishawaka's Tom Love intercepted a Denney pass intended for Don Walker, and raced seventy-two yards down the sidelines for the Maroon's only score. An inspired Wildcat eleven took the ball on their own forty early in the third period and marched all the way for the score. Key play of the march was a fourth down and ten pass from the seventeen. Kndlaty grabbed the ball, and carried it to the three, from where Dick Weinberg slipped through for the score. In the fourth quarter Riley scored the winning T.D. when Denney passed to Dick Vincek for eleven yards and six points. Denney made the clinching extra point, and the Riley defenses held the Cavemen in check for the rest of the game.

Panthers hand Wildcats first defeat of season

After a scoreless first period, the Washington Panthers capitalized on two breaks to snap the Riley winning streak and hand the Cats a 14 to 0 pasting. Early in the second quarter, with the ball on Riley's twenty-one, a fumble in the Wildcat backfield was finally recovered by the Panthers on the Cats two

yard line. Washington scored on the next play, and the extra point made the score 7 to 0. Washington kicked off, and after three plays had failed to gain, Riley was forced to punt. The Panthers then drove from their own thirty-nine to the Riley fourteen, where their drive seemed to be stopped. On a fourth and ten situation, the Panther halfback started to his left, was trapped by the onrushing Riley linemen, and then reversed his field to go over for the final score of the evening, untouched. Although no scoring was done in the second half, the rough and bruising play of the first two periods continued.

Riley mutilates the Central Bears

The Wildcats broke a two year Central winning streak when they mauled the Bears 29 to 0 in a Conference game at School Field. After a scoreless first quarter, Galloway tossed a short pass from the one foot line to Odusch for the score, and Denney added the extra point. Later in the second quarter, Denney passed twenty-nine yards to Kudlaty for another T. D., and Riley left the field, leading 14 to 0 at halftime. Two minutes after the second half started, Coar recovered a fumble on the Central thirty-seven. The Wildcats marched to the score, with Weinberg lug- ging the ball the last thirteen yards. In the final period Joe Van Goey nailed the Central quarterback in the end zone for a safety, and with three and one-half minutes to play, Chuck Hupka blocked a Central punt, Don Coar picked up the ball, and raced for the T.D. Galloway passed to Kudlaty for the extra point.

reitz and elkhart beat us in thrillers . . .

Reitz wrecks Riley as Cats travel South

The Wildcats traveled downstate to meet their traditional Evansville rivals, but came back with their second loss of the season, 21 to 20. Reitz jumped to a 14 to 0 lead in the first half, but the Cats unleashed a passing attack to roar back and almost win in the second half. In the third quarter Denney passed to Kudlaty for the T.D., and then added the extra point, to put the score at 14 to 7. However, the Reitz fullback then broke through the line and raced thirty-five yards for the winning score. The Cats drove sixty-six yards for their next T.D., with Weinberg going over from the two. However, the extra point was missed. Again the Cats drove downfield, scoring with only a few seconds left to play as Kudlaty made a circus catch of Denney's pass in the end zone.

Elkhart nips Riley with last-half comeback

It was Roger Winter Night at School Field, and while Seniors sold programs, the Elkhart Blue Blazers came from behind to defeat the Wildcats, 21 to 19. With thirty seconds left in the first half, Denney plunged over from the one-inch line to climax a forty-nine yard drive, but his try for the extra point was blocked. On the kickoff, Elkhart fumbled, and Riley recovered on the Blazer's twenty-five. Weinberg took it over from the two, and Denney made the kick good. In the third period, Elkhart drove to two quick T.D.'s, sending the Blazers into the lead, 14 to 13. In the fourth period Riley marched eighty yards to the one foot line, from where Weinberg dived over. The kick was not good. Elkhart then took the kickoff and drove fifty-six yards for the winning touchdown.

The referee bends down to pick up the ball on the opening play of the season, in the Adams game.

the season ends with a 4, 4, 1 mark . . .

Wildcats and Goshen fight to tie

On icy cold Froeman Field in Goshen, the Wildcats and the Redskins battled to a 7-7 tie in a Conference game. Goshen scored in the first quarter and then kept the Wildcats completely in check during the first half. Late in the third quarter Goshen was given the ball, when it was ruled that a Riley man had touched a loose ball. After a prolonged argument with the officials, during which Riley was penalized 15 yards, the game turned into a spirited battle, players being ejected on both sides. With Denney passing first to Don Walker, and then to Kudlaty for the T.D., the Cats tied the game, although Galloway had to kick the extra point twice before it counted.

Wildcats reach season's high against LaPorte

After a scoreless first period, the Riley Wildcats went to work and really sliced up the LaPorte Slicers, 33 to 0. The Wildcats first score came in the second period on an eighty-three yard march, with Denney going over the last five yards. Later in the period, Ernie Reed picked up a loose ball on the LaPorte forty-six and raced all the way for the T.D. Galloway added the extra point. In the third period, the Wildcats marched sixty yards for their third score, with Vincek scoring from the two, and Galloway again adding the extra point. Later in the quarter, a host

of Riley linemen swarmed in to block a Slicer punt. Bob Cira picked up the ball and raced the remaining five yards for the score. With a minute remaining, Denney scored his second touchdown on a two-yard plunge.

Cats clobbered by City in final game

Playing without the services of four regulars, the Riley Wildcats finished the season by bowing to the Michigan City Red Devils, 34 to 0. Riley made only two serious threats during the entire game. In the second quarter they marched to the Devil's nineteen, only to have a pass intercepted, and late in the third period they got to the City's nine yard line before penalties stopped them. The Red Devils capitalized on breaks to score four of their touchdowns. Three intercepted passes and a fumble spelled doom for Riley.

'52 Football Banquet a well-remembered one

At the football banquet held in the Riley cafeteria on November 25, Bill Denney received the Most Valuable Player award. Lloyd Lassen received the Kiwanis Award for sportsmanship and scholarship, and Don Orban was given the award for the most improved B-Team player. Don Coar and Dick Whitaker were named co-captains for the 1953 team.

Riley 51, Indianapolis Crispus Attucks 53

In their first game of the season, Coach Stewart's boys gave the highly touted Tigers a run for their money, only to fall in the stretch. Led by Buddy Overholser, who hit 16 points, the Cats took a 25 to 20 second period lead, only to have the Attucks come back with twelve straight. The long football season showed its effects on the Wildcats.

Riley 54, East Chicago Washington 69

Riley jumped to a 6 to 0 lead, only to see the Senators come back to a 14-all first quarter tie. From there on Washington held a slim lead until the last period, when they pulled away. Joe Lee with 16 and Overholser with 15 led the Cats.

Riley 64, Plymouth 53

The Wildcats won their first game of the season by swamping a small Pilgrim five. The Cats held only a 12 to 9 first period lead, but in the second quarter they stretched it to 36-23. Riley controlled the backboards, which tells the whole story. Overholser hit 26 points, 21 in the first half, to spark the team.

Riley 75, Terre Haute Wiley 58

The Cats pounced on every Wiley mistake, and showed their best offense of the season, in beating

the Blue Streaks. Reserves played most of the second half in the one-sided game. Overholser hit 20 in pacifying the Cats back to a .500 mark.

Riley 63, Mishawaka 46

Riley's height advantage over the hapless Maroons gave the Cats their opening conference victory of the season. In the third period, the Wildcats' defenses held Mishawaka to only five points. Buddy Overholser again led Riley with 16 points.

Riley 68, Washington 53

The Wildcats jumped to a 20 to 9 first period lead, and then lengthened it to 39-24 by halftime. Washington managed to save some face by holding the line against the reserves. Jack Kudlaty made 19 to spark the Cats.

Riley 63, Brazil 49

Riley couldn't get away from their downstate hosts until the last period, when they scored 26 points. The Wildcats' attack was well balanced, with Joe Lee hitting 15, Charlie Hunt making 14, and Buddy Overholser getting 13.

Riley 60, Gary Froebel 65

After winning five in a row, the Cats were defeated in their own Holiday Tourney. Riley led all the

way, at one time by ten points, only to be forced to come from behind to tie the game at 60-all. But Froebel shut out the Wildcats in the final three minutes to win. Joe Lee hit 27 points in the first three quarters to lead the Cats.

Riley 70, LaPorte 51

In the evening consolation game of the Holiday Tourney, the Cats came back to murder the LaPorte Slicers. It took a last period outburst to win for the Wildcats, who had been leading 40 to 25 at halftime. Overholser and Kudlaty led Riley with 16 points each.

Riley 63, Niles 41

After holding a meager 12 to 6 first period lead, the Cats came back to score 28 points in the second quarter and wrap up the ball game. Reserves played all of the second half. The Cats' scoring was well-balanced, with Kudlaty and Lee hitting 15, and Overholser 14.

Riley 71, Fort Wayne North Side 66

Returning to the conference wars after the Christmas holidays, the Cats outlasted the Fort Wayne North Side Redskins. After holding a slim 51 to 50 third period lead, the Cats roared ahead, 57 to 52. North Side closed to 66-63, only to have the Wildcats hit five straight to sew up the ball game. Overholser led Riley with 24.

Riley 57, LaPorte 62

The Cats were handed their first conference loss when they were upset by the Slicers, a team they had previously beaten by 19 points. Riley trailed all the way, by as much as fifteen points at one time. With one minute left, they narrowed the margin to 58-57, only to be shut out from then on. The 68 fouls called against both sides in this game set a new John Adams Auditorium record.

Riley 60, Central 45

The Cats registered their third win in a row over the Bears, and regained a tie for the conference lead. Riley jumped to a 14 point lead, and then held it most of the way. With 1:41 left to play, Central narrowed the count to 49-45 before Riley hit eleven straight points. Overholser led the Cats with 23 points in beating the State Champs.

Riley 67, Culver 47

The Wildcats broke Culver's 13 game win streak, but the Indians' star player, Jim Kowatch, saw little action due to a first period knee injury. Reserves finished out the second half for Riley. Kudlaty and Overholser with 13 and 12 respectively led the Cats.

Riley 50, Adams 57

The Cats were knocked out of the loop lead by the John Adams Eagles, in perhaps the most frustrating game of the season. After trailing 53 to 44, Riley came back to 53-50 with 1:18 left to play, only to have the Eagles retain possession for the final minute. Joe Lee led the Wildcats with 14 points.

Riley 52, Hammond Clark 55

Riley outhit Clark from the floor, but sensational free throw shooting by Hammond spelled the difference. The Cats trailed most of the way, but came up to 52 to 50 in the closing seconds. That, however, was the closest they came. Overholser led Riley with 17 points.

Riley 52, Elkhart 55

The Blue Blazers killed the Wildcats' chances of winning the title by dropping them in one of the most thrilling contests of the season. Riley trailed most of the way, at one time losing by as much as 12 points. The Cats put on a determined last period comeback, and with the score standing at 54 to 52 against them and 12 seconds left to play, gained control of the ball. However, a long shot went astray, and Elkhart got the ball for the last seconds. Overholser hit 16 to lead the Cats.

Riley 70, Goshen 51

Goshen stayed with the Cats for the first quarter, but that was all. Everyone played in the contest, with Charlie Hunt hitting 23 for high-scoring honors.

Riley 57, Washington-Clay 54

The Colonials threw a scare into the Wildcats, but the Cats came through in the last period to win. Riley held various leads throughout the game, only to have sensational Clay shooting bring the Colonials back. Joe Lee iced the game with two free throws in the final five seconds. Lee and Overholser, with fifteen points apiece, led the Cats.

Riley 72, Michigan City 62

The Wildcats gained a tie for third place in the Eastern NIHSC by whipping a well-regarded Red Devil team. Riley held a lead of 15 points, only to see it dwindle to one under City's pressure defense. The Cats hit 20 in the last frame to win. Joe Lee hit 20 to pace Riley.

Riley 50, Central 54

After 32 minutes of action-packed drama, the Riley Wildcats ended the 1952-53 basketball season. Both teams showed the effects of nervousness, with ragged play being the result. Riley led at halftime, 26 to 21, but they couldn't hold it against the determined Bears. The only bright spot for the Wildcats was Buddy Overholser's three-fourths of the length shot, which tied the score at the end of the third period. Joe Lee took scoring honors in the last game of the season with thirteen points. South Bend Central went on to win the city's first State Championship.

Thus ended one of the most exciting basketball seasons in the annals of Riley High School. The Wildcats, under Coach Stewart, finished the season with a fine record of thirteen won, eight lost.

classes vary according to tastes . . .

INDUSTRIAL ARTS . . . Preparing to face life in an industrialized world, industrial art classes aid these young men with their problems of the future. With a sound preparation in mechanical life, they will be able to step confidently into the ranks of labor.

SPANISH . . . The Spanish class offers a different and exciting language to its students. Dramatizations and the singing of Spanish songs are just a few of the enjoyable experiences the students have.

LATIN . . . Declensions, forms, mythology, and Roman life are the difficult and joyous labors of the Latin class. Since Latin is the basic structure of the English language, many students find the course useful in preparing them for further study.

FRENCH . . . Besides becoming acquainted with French customs, students of French learn to speak the language. By group recitations they learn quickly the correct voice inflections and accents.

GERMAN . . . More and more students are becoming familiar with the German language. They find singing German songs are lots of fun, and the customs and culture of the Dutch very absorbing.

BUSINESS . . . The Business Education Department offers future businessmen and women necessary information and skills. After successfully completing the offered courses, the students can establish themselves in an enjoyable and satisfactory career. Business at Riley is one of the most popular courses in the curriculum.

fundamental courses fill our time . . .

ENGLISH . . . Class discussion, the principles of good English, rules of punctuation, good sentence structure, and speech-making are the fundamentals of our English courses. By mastering the English skills, students are able to do better work in their other classes.

HISTORY . . . History classes learn the problems and conditions of our country both in the past and present and then compare them with other countries. We soon discover the truth of the saying, "It's a small world," when we study the world and its past.

AMERICAN CULTURE

. . . American Culture students learn to understand the likenesses and differences of the various races and creeds which make up our land. The combined English and history classes work together toward the goal of breaking down prejudices. Understanding of social heritages makes us more appreciative of our democratic society.

STUDY HALL . . . the bone of every student's life is homework, whether it is done at home or in Study Hall. Thus we picture a hard-working, ambitious class learning their readin', writin', and rithmetick.

ALTON MEYER

DRIVING . . . The ability to drive a car safely and a working knowledge of the parts of a car are learned by the students in Mr. Meyer's driving classes. At the end of the semester, qualified students receive their driver's licenses.

HEALTH . . . The study of charts and replicas of human beings help the health students understand the structure and the functions of their own bodies. A basic study required of all before they graduate, health helps us to live better.

PHYSICAL EDUCATION . . . In the gym classes the students strive toward the goal of building stronger bodies and gaining muscular coordination. Soccer, basketball, baseball, volleyball, and square dancing are some of the active sports.

two phases of femininity . . .

HOME ECONOMICS . . . Cooking and sewing will be future needs of every high school girl. Through the home economics course the students are taught the fundamentals of good homemaking. Tasty meals are prepared by the girls, and menus are planned for nutrition as well as taste appeal.

MATHEMATICS . . . In our present age, it is very important that students know all that is available to obtain about trigonometry, geometry, algebra and high school arithmetic, because it provides a knowledge of figures that will be useful throughout our lives. Whether your plans are for college or a career after graduation, an adequate and complete acquaintance with mathematics will not be regretted.

SCIENCE . . . Science influences our everyday life more than we realize. Atomic and hydrogen bombs, radar, plastics, and medicine are the masters of peace and war. In our science classes we become acquainted with the modern miracles of science. Biological experiments are interesting and educating to all who take part in them. Further courses in chemistry and physics are helpful to those who enjoy science and are interested in it either as a career or for knowledge's sake.

tomorrow . . .

Of 1,640 students in Riley High School, 1,410 were Underclassmen. They ranged from age twelve to seventeen; from a height of four feet, five inches to six feet, one inch. However, the Underclassman is a complex individual and thus passes through several stages before becoming eligible to the exalted state of seniority.

The first stage is best exemplified by the seventh or eighth grader. Perhaps one adjective could describe him—bewildered. For he is bewildered by the noise, the chaos, and the never-ending cafeteria lines. He is often heard to mumble, "Things were never like this in grade school!"

But after two years of living in a haze of perplexity, he emerges a confident Freshman. He begins to put Roman numerals after the names of his courses (a sure sign of advancing age), he delves into politics to elect class officers, and perhaps he experiences the first faint pangs of love.

Thus fortified, he again goes through a transition period and advances, due to the graciousness of his teachers, to a Sophomore, or a "wise fool" according to the Greek definition. He will argue about the validity of this definition, but no one dare deny the fact that he is fast growing to maturity. For he becomes the host at his first big dance and as a bid for upperclass favor, even allows juniors and seniors to attend.

The Junior is considered to have almost equal footing with the Senior, and indeed feels himself an important cog in the Senior Wheel. As the end of the year approaches, he impatiently waits for them to bid their fond farewells, so that he may all the sooner fill the senior's sacred shoes.

Thus, a case history of Today's Underclassmen; Tomorrow's Leaders . . .

Earning the title of Freshmen after years in grade school seems an almost unattainable goal to the seventh grader. Now that the Freshman class has assumed its responsibilities as a future class, they realize their importance to the school's organization. Their first year of high school ends all too quickly, but it brings with it the promise of more and continued happiness for the Class of '56.

Leading the very active Freshman Class were these peppy people who won the class election in the fall. In the back row, left to right, are: Ralph Jordan, Vice-President, Roger Manges, President, and Bill Hawley, Treasurer. Ethel Buntman, Secretary, and Mary Carroll, Social Chairman, are seated in the front row.

"The Friendly Small Loan Office"

212 SHERLAND BLDG. E. B. MURPHY, Mgr.

The Security Loan Company . . . 212 Sherland Building, South Bend, Indiana, has again set aside one day for the sole purpose of conducting a class for the students of Riley High School in business courses, to familiarize them with the principal operating factors used in the small loan industry.

The small loan industry is a division of the growing consumer credit field. It renders a specialized money service to those in need of assistance on financial problems.

The service is recognized by the various social welfare agencies and business leaders as a definite necessity in every community.

The classroom presents educational facts at the high school level. Many Riley students already have found the consumer credit field an excellent one for employment and a life career.

acknowledgments

The *Hoosier Poet* Staff wishes to extend its warmest and most sincere thanks to the faculty and students of Riley. Without their cooperation our success would not have been possible.

To Mr. George Koch, our faculty advisor, we wish to express our special appreciation for all the guidance, encouragement and help he has given to the editors and staff members of the year's book.

We wish to express our sincere appreciation to the persons and firms who have generously cooperated in publishing the 1953 *Hoosier Poet*.

good bye . . .

We entered as children; we leave as men and women. As we leave, we look fondly over our experiences at Riley. We examine minutely all the little details of our lives and gather about us in our minds all the pleasant and unpleasant, joyous and sorrowful events that made us what we are today.

Our education has given us many things. Through it we have gained new friends. Although we are leaving, they will not be forgotten. Nor will we forget our teachers who opened the doors to better understanding and encouraged us to attempt goals and standards unthought of before.

This is the turning point of our lives. Some of us will seek further education, inspired to attain the goal of higher knowledge. Others will embark upon careers. Whatever our future may hold, we will always remember that at Riley we found that which gave us the courage to make our decisions. Our associations with others and our deepening respect for every man provided us with the intangible qualities we needed for a sound and lasting maturity. For, you see, we didn't just study books, we studied human nature.

Pensively we look upon these, our memories, and leave Riley, our Past, for our unknown Future. We know there will be many decisions to make, but we feel confident that our judgment will be guided always by our experience, and that we will be able to meet the challenges of Time unflinchingly.
